Cub Scouts collect food for neighbors in need

Dec 2, 2020

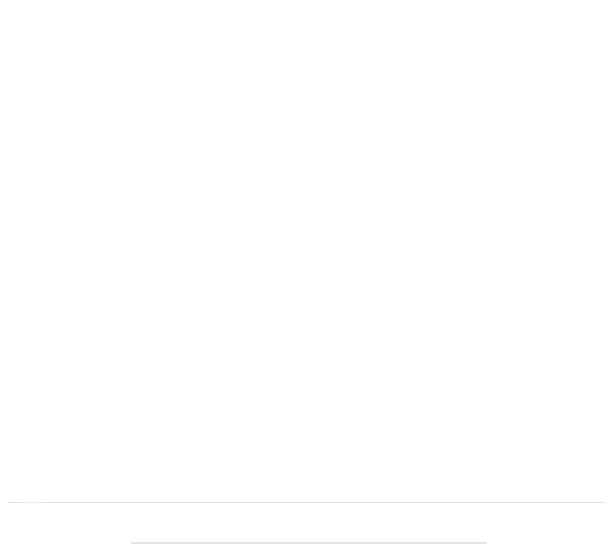

EASTON — Cub Scout Pack 3003 in Easton, chartered by the Chesapeake Multicultural Center, collected about 308 pounds of dry and canned foods for the Neighborhood Service Center. The “Scouting for Food” activity took place on Saturday, Nov. 21.

“The boys and girls of Pack 3003 and their families had a wonderful time walking in neighborhoods and collecting food left on the doorsteps for this event,” said Executive Director Matthew Peters.

“It was a great service project for our Scouts and showed them that if enough people give a little bit, it can quickly add up to a lot,” he said.
